About Molly Raphael
Molly Raphael recently retired after six years as director of libraries at Multnomah County Library (MCL) in Portland, Ore., which serves a population of more than 700,000 with a budget of \$80 million and more than 500 employees. During her tenure, she passed a five-year, nine-approved operating levy (more than \$170 million for 5 years), implemented many new programs and services, worked with The Library Foundation of Multnomah County to raise more than \$12 million. Under her leadership, MCL achieved consistently top rankings among urban public libraries and the highest gross circulation of any library in the country for four consecutive years.

She previously served as director of the District of Columbia Public Library (DCPL). During her DCPL tenure, Raphael launched the first public library service in the nation to serve the deaf community in 1975. While at DCPL, she established and co-chaired the Labor Management Partnership Council, introduced an Enhanced Business Information Center, launched outreach efforts to address early literacy needs for children at risk and began programs for adult new readers, built partnerships with the K-12 schools, academic institutions and many nonprofits, and hosted many visiting foreign diplomats and senior US government officials.

Raphael has served in a number of capacities with ALA as early as 1976, when she was co-founder and first chair of the ALA committee and then the ARLA Section on Library Service to the Deaf. She was president of the Library Leadership and Management Association (LLAMA) in 2008-09.
